This map was originally produced by the City of Edinburgh Council, Walk Wheel Cycle Trust (formerly Sustrans), and Transport Scotland, with input from Blackford Safe Routes. It has been updated in 2026 by edi.bike to:

- Correct errors and changes on the ground:
  - The Royal Blind School is situated on Canaan Ln, not Newbattle Ter
  - Canaan Ln is now one-way for motor traffic between Woodburn Ter and Morningside Rd, not two-way
  - There is no longer a modal filter on Canaan Ln between Woodburn Ter and Morningside Rd

- Update to 2026:
  - Canaan Ln Primary School is now open, added to map
  - The quiet route is also used to access Brunsfield Primary School, added to map
  - Development at Woodcroft Rd is complete, added to map for context to Clinton Rd modal filter

- Add further contextual photographs and links to time-lapse traffic video footage of how key junctions behave at peak hours. Videos were taken in late August / early September 2025 and all photographs were taken on 5th May 2026.
